The newest installment of the Superior Tattoo Bible series has been in the works for a while since we have amassed countless lettering submissions throughout the years. With an exponential number of tattoo designs that include lettering, we thought it time to come out with an entire book devoted to letters and banners. Superior has put out several small books on a variety of lettering styles that have been well received. To date, thousands of these books have been purchased or downloaded. But, why flip through several books to find the perfect font? When your customer wants his or her loved one's name or a memorial, there is only one book they will need to refer to. This book will be used day in and day out; it will pay for itself in a matter of days. You won't find a better collection of lettering styles than in the Tattoo Lettering Bible. Be sure this one is on your shelf!.
