FOUR OXFORD LECTURES: 1887; FIFTY YEARS OF EUROPEAN HISTORY, TEUTONIC CONQUEST IN GAUL AND BRITAIN (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Four Oxford Lectures: 1887; Fifty Years of European History, Teutonic Conquest in Gaul and Britain Of these four lectures, suggested by recent events, the first two stand quite independent of any of the courses, past and present, spoken of in the preface to my Chief Periods of European History. They simply set forth the thoughts suggested by the Jubilee year from an historical point of view. The latter part of the second lecture has been somewhat expanded, but only expanded, since its reading in the schools. It was impossible to get all the matter into the time allowed for a single lecture. The second pair of lectures, I may say, have been forced upon me by late discussions. I should have been much better pleased to say nothing more about Teutonic Conquest in Britain till I had reached the subject by the path which I had chalked out. But there has been so much controversy on the matter, I find myself so constantly taken to be the representative of doctrines which neither I nor, as far as I know, anybody else ever maintained, that I was in a manner driven both to speak and to publish. I hope that these two lectures may be taken as a kind of summary beforehand of what I hope to do for the whole subject, if life and strength are spared me.
