Green Candy Press. Paperback. Book Condition: New. Paperback. 112 pages. Respected internationally for his knotting skills and clear, concise video and book presentations, J. D. Lenzen shows how to tie knots like no others. Just as origami figurines are created through the merging of different folding techniques, he creates new knots by combining historical knot elements and new knotting techniques. The product of this intermingling is what he calls a fusion knot -- a brand new genre of knot in a centuries-old tradition. It is rare for a knot book to feature even one brand new, never-before-seen knot, but Decorative Fusion Knots features more than 20 brand-new knots created by the author. Decorative Fusion Knots is the culmination of ten years of study, practice, and creation. The knots within were inspired by history, nature, mythology, and more. Many of these incredible knots have never been presented or described publicly, until now. Never before has a knot book presented a step-by-step format to tying brand new knots like this in full-color. Alongside fusion knots, this book presents logical and comprehensive instructions for a plethora of historical knots, including Celtic knots, Chinese decorative knots, maritime knots, and popular paracord ties. Each historical knot instruction is presented in step-by-step fashion. Each of the 600 step-by-step color photographs is accompanied with clear, concise instructional captions. Whether you're a sailor, teacher, jewelry maker, survivalist, general knot enthusiast, or just looking for bush crafts, paracord ties, a curriculum for students, or a fun way to pass the time, Decorative Fusion Knots is the book for you. With easy-to-understand captions and clear step-by-step photos, readers can learn at their own pace, review whole techniques at a single glance and simply lay the book flat on the table and follow along as they tie. This item ships from...
