Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Tuesday Morning:WatertownProject BluechipMajor Richard WestonHe read the report twice and then carefully set it back on his desk. Johns or Kohlson: One of the two had stolen samples of SS-V2765. It was not a question. No one else had the access, no one else the proximity or knowledge of where it was stored. Two of the virus, one each of the REX agents were missing. Enough to infect several million people, and that was just the initial infection. From there the infected would go on to infect even more, where it stopped was anyone s guess.Knowing it was one of the two did not solve the problem of how for him though: There should have been no way to get it out. Every area of the facility was under surveillance. There had to be more than just one of the two involved. From Complex C they were stripped down, showered: Out of the showers naked and into a locker room where they could retrieve their own personal clothing they had stripped out of that morning:...
