Founded by General Maxwell Thurman, this Headquarters Department of the Army (HQDA) asset is nested within the U.S. Military Academy s Department of Social Sciences. The intellectual freedom and community-of-practice provided by this academic setting promotes out-of-the-box thinking, allowing OEMA analysts to devise solutions to strategic challenges facing not just the Army and the Department of Defense (DoD), but other government agencies as well. In the last 4 years, OEMA has devoted a significant amount of its research to officer talent management, systematic planning for the right number and type of officers to meet the Army s needs at all levels and at all times so that the majority of them are employed optimally. Despite a commissioned officer focus, many of OEMA s talent management principles generalize to any labor force.
